Remember to list **your** events on
the HMI event calendar also!

At our May 12th meeting Mike
Moon will be our guest speaker.
He will be speaking to us about
parking and signage. Come with
any questions you have about
either.

Happy Spring! With the blooming flowers and beautiful warm days, there seem to be more people visiting Manassas. I think this year will be an improvement over last.

OTBA has been working hard. We have a parking committee that has been meeting with the City and Mike Moon will be at our May meeting to update us and answer your questions.

We are working with Jean Kellogg at the Hylton Performing Arts Center at GMU to promote Old Town to their audiences.

We have selected block captains to help keep our streets looking nice during the City budget cuts. And, we have re-vamped our telephone tree to alert you when we have a problem in Old Town.

We have future plans for a scavenger hunt and some other activities to get people into Old Town and into the shops and restaurants.

Our new Guide to Shops and Services has been printed and we have already distributed over 2,000 of them to our visitor centers, etc. Attendance at our breakfast meetings is great and it is so nice to "catch up" with everyone on a monthly basis. If you haven't come lately, please try to attend in May.

I hope your Spring goes well and I am certainly looking forward to all the events coming up beginning with the Gallery Walk on May 7th.

It is Spring! With Spring comes more people visiting our businesses! Make sure your windows are clean, put flowers in front of your businesses and make your place look inviting!

Travel Writers will be in Manassas the week of May 18th thru May 23rd.

Don't forget to give out the Guides to Shops and Services to customers who come into your business!
